90th street block chosen

Daly City councilmen vetoed a last-minute offer by builder Chris McKeon Monday night, then went ahead and approved the 90th St. block at Sullivan Ave. as the site for the new civic center.

City officials will now commence with proceedings for site acquisition.

Engineer William Chapman of Daly City, said the civic center, which is planned to accommodate city and county offices, will be under construction in another 12 months.

The new site takes in all of the block between 90th and 91st streets and 16 lots in the block to the immediate north. A parking lot is planned on the 16 lots.

Eight locations were considered in Daly City before the final decision on one site was made.

City Manager's Comments

"From a geographical and directional standpoint as to where city-county offices are situated, such a location is important. The immediate accessibility to the overpass and interchange at Junipero Serra and School street is ideal, as all parts of the city can be reached in a short time. This includes routes from this area to the Westlake shopping area, St. Francis shopping area, to the Mary's Help and Christen Ranch areas, and to Mission street and Bayshore. In fact, this area is in the approximate center of Daly City, including Bayshore and Christen Ranch.

An offer by builder Chris McKeon to see a site at St. Francis boulevard and Southgate avenue, was turned down by the council for reasons of its poor location to the geographic center of the city and poor access.

Finance Report

Joseph Arch, finance director, said it is his estimation the 90th street site was approximately $188,000 less than that of the 87th street site, which was also considered.

He added the 90th street site would not present any problems as far as relocation of home owners or businesses as the land is unimproved. There is only one homeowner on the property.

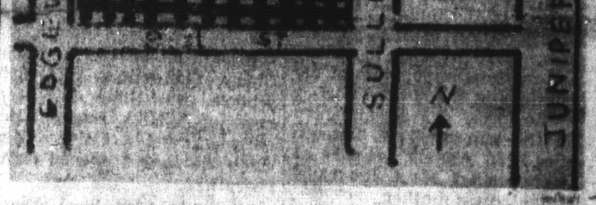
The 90th street site is in the city limits, whereas a major portion of the 87th street location is in the unincorporated area.

The major concern, said Arch, is "present buildings of the city are overcrowded. It would seem more likely that in obtaining new quarters, it is much easier to propose the location . . . in an unincorporated area.

Engineer's Report

City engineer William Chapman said the area contains 64 lots or 3.67 acres. The area is equidistant from two proposed Junipero Serra freeway overpasses, the 87th street and Washington street overpasses. Therefore emergency vehicles coming from either the north or the south would have a better route selection when going to or from the proposed city hall site.

"The location of the city hall . . . to the geographical location of the city is better than the 87th street site." The site, he said, would not be disturbed by any widening of 87th street."



CIVIC CENTER site selected Monday by councilmen includes the block of 90th, 91st, Sullivan and Edgeworth (which equals 120,000 sq. ft.) and includes 16 lots (2,500 sq. ft. per lot) directly across the street in the center of the block.

Board disapproves of 'segregation'

A pending Jefferson Elementary School District policy which has been interpreted as establishing "de facto segregation," was attacked by school board members and private citizens Monday.

The policy was called "unsatisfactory," "unnecessary," and "ill-advised."

The statement opposes transporting children to schools away from the vicinity of their homes except under certain limited conditions.

The policy, introduced for consideration at a previous board of trustees meeting by O. Wayne Douglas, says in part . . .

"The Board does not favor transporting pupils as a method of eliminating ethnic, cultural, racial or religious distinctions."

"Nor does the board approve the gerrymandering of school districts in order to emphasize such distinctions. However, because of the unavailability of certain classroom space, it may be necessary, from time to time, to assign or transport pupils from the school nearest their home to another school farther removed . . ."

Larry Freiberg, of Garden Village, called the action "ill-considered."

In a prepared statement for the board, Freiberg said, "I want to speak in opposition to this policy."

"I think," said Freiberg, "the Board is acting unnecessarily."

"No one has asked them to go on record requiring bussing, so why do they have to rush to go on record opposing bussing?"

Freiberg went to to say that the California Board of Education and other state legislative authorities have already rendered rulings and opinions which set up machinery to solve "racial imbalance" within schools on a local level.

"The resolution which we have seem to fly in the face of all these decisions and policies," said Freiberg.

"Rather than an attempt to take steps to eliminate segregation in our schools," he went on, "this resolution ties our hands and makes it practically impossible for us to make any changes in the status quo, should the question of desegregation come up in Daly City, as it someday will.

Freiberg suggested that "Hasty action on this important subject will surely be cause for regret.

He recommended waiting until a more thorough study of the question had been made.

Douglas contended that a broad study, such as that on a state level would not necessarily solve Daly City's problems.

He reiterated that he felt gerrymandering — the deliberate changing of jurisdictional boundaries—can create problems of racially imbalance through their establishment."

Other citizens speaking at Monday's board meeting concluded the problem is a loaded one and requires more study.

Douglas stated that "the problem cannot be solved by sweeping it under the rug."

It was agreed that action on the policy would be tabled until the Nov. 25 meeting of the board.

Pacificans will donate blood Nov. 9

Mayor Harold Feyge and the City Council of Pacifica have proclaimed the week of Nov. 3 as Blood Bank Week for the City of Pacifica.

The Mobile Unit of the Peninsula Memorial Blood Bank will be in Pacifica Nov. 9 at the Masonic Temple in Sharp Park between 8:30 a.m. and 12:30 p.m.

The Pacifica Blood Bank makes blood available to relatives of Pacificans wherever they reside and no limitation is made on the amount of blood released to a needy individual.

The Pacifica Blood Bank has released as much as 35 pints of blood to one person.

There is no insistence that the blood be replaced immediately.

A blood fund may be set-up in the name of the person who received the blood and friends and relatives may specify that the blood they donate be credited to this fund.

Because no food is to be taken for four hours before donating blood, the ladies of Mizpah Fellowship will serve a pancake breakfast to all donors.

For further information telephone: Mrs. Harry Ayres, 355-250, Blood Bank chairman, or Mrs. Miguel Borras, 355-2428, public information chairman.

Holiday

Next Monday, November 11 is Veterans Day and many stores and offices will be closed. The Westlake Times and The Record will also take a holiday.

Advertisers and those with news for the papers are reminded that all copy must be in by 5 p.m. this Friday, November 8, for next week's papers.

Extra tax brings in $46,000

An additional tax this year means $46,000 for Daly City's treasury.

Since the county took over the job from Daly City of collecting taxes, both apartment dwellers as well as apartment owners must pay a personal property tax on such things as rugs, drapes and appliances.

As a result, the tax bill, which arrived by mail in October, was approximately $5 higher.

The city, which held the collection duties until last December, had never enforced the personal property taxes, partly because of the extra expense in billing.

Now the county is taking over the job.

Officials foresee increased efficiency in collecting.

They feel it is more fair since it would be discriminatory if only apartment owners are the ones to pay.

They feel it is more efficient.

Residents now receive only one tax bill instead of two.

Big spider hunt in Crocker Hills

Daly City firemen Saturday answered a frantic phone call from Mrs. Gerald Reed, 98 Marshall, that her son Darrell, has a jar of black widow spiders, which he claimed he collected on the Crocker Hills bordering the Sherman Heights district.

Fire Chief Elmer Kennedy dispatched a batallion of men with torches to burn out the brush where the deadly insects were seen. In the process of cleaning the area of spirers firemen encountered a hornet's nest. They too were destroyed.

The Hillside Homeowners association, representing the residents in the area, thanked the firemen for their quick response.

Darrell's spider hunt gathering apparently left him none the worse for his venture.

KEY FIGURE in the Mary's Help Hospital drive is Chief Federal Judge for the Northern District of California, The Honorable George B. Harris. A dedicated campaigner who has given his time and experience to the fund drive, Harris, campaign chairman for the North County area, is held in esteem by city and hospitol authorities. Sister Hermine, hospital administrator, said, "In all my experience as a builder and administrator of hospitals, I have never known anyone who has given so generously of himself, than Judge Harris. . . ."

Final drive is underway for hospital

A five-pronged drive is currently underway in North San Mateo County in an intensive effort to wind-up the final phase of the campaign for funds with which to complete Mary's Help Hospital in Daly City.

The new non-sectarian voluntary community hospital, already more than 20 per cent constructed on an eleven-acre site at Junipero Serra Southwest of Eastmoor, has three different groups working for it in as many separate divisions of Daly City; while two other campaigns are under way in Pacifica and South San Francisco.

Under the general headquarters at 95 South Mayfair Ave., Mrs. Frank Burns, president of the Women's Club for Our Lady of Mercy Church, heads a house-to-house canvas of Westlake proper; while Mrs. Dolores Leonard of the Mary's Help Nurses Alumnae Assn., assisted by her neighbors, Mrs. Anne Murphy, Thomas Noonan and George Perry, have set updivisional headquarters at 21 St. Francis Square, to conduct their door-to-door pledge drive of residents to St. Francis Heights and the Knolls.

A third group under Frank Curry, former president of the Daly City Chamber of Commerce, and assisted by co-chairman John Drye, Al Figone, Paul Hupf and Peter Marcovich represent an overall committee now concentrating on the original area of Daly City and Colma.

Hupf is city attorney and president of the Rotary Club which organization has undertaken the solicitation of much of the business and commercial interests of Daly City. The fire department under Fire Chief Elmer Kennedy is also rendering valuable service under this group.

Due to the sudden illness of Al Rosenberg at the start of Pacifica's drive, responsibilities for the leadership were shared by Councilman Fred Ballew, Mrs. Jean Fassler and Mrs. William Drake of the Pacifica Tribune. Getting a late start on their $75,000 quota, Pacifica to date has collected between 15 and 20 thousand dollars.

Richard Minucciani, prominent insurance broker of 419 Grand St., South San Francisco, is chairman of the Mary's Help Campaign Committee for that area. This group, too, was delayed in organizing, but with the help of the Hospital's Board of Governors under Chairman George B. Harris, Federal District Judge of San Francisco, is beginning to show results.

The million-and-a-half goal has already reached the halfway mark, and those in charge are hopeful that through the sustained efforts of the workers, plus receipt of a number of large gifts from donors not yet committed, the campaign goal may be achieved by the end of this month.

Fourth high school burglary

South San Francisco was number four last Wednesday in a string of high school safe crackings.

Safecrackers made off with about $1,200 from the South San Francisco High School safe. Recent high school safe jobs took place at Oceana, Westmoor, and San Carlos.

The money included receipts from athletic events. Safecrackers in all five burglaries pried into the safe near the dials using a chisel.

Rose Bowl queen sought

A Tournament of Roses float queen is sought by Rino A. Ceccago, agent for Farmers Insurance Group in Daly City-Colma.

His company is looking for a queen to be "Miss Liberty" on its "In God We Trust" float in the 1964 Tournament of Roses parade. Daly City Lions Club members will act as judges.

Top winner in the local contest will be named "Miss Liberty of Daly City-Colma." Her entry will be forwarded to the state contest.

Entry blanks, may be obtained at 2904 Sloat Blvd., San Francisco, or by calling MO 1-2400.

N'gate Transit hearing

Daly City residents will have an opportunity to air complaints against the Northgate Transit Lines bus service Thursday, Nov. 14 at city hall, 75 Wellington avenue, Daly City.

A hearing is set for 10 a.m. between the Transit Company and Public Utilities Commission regarding a proposed five cent increase in fares.

The city last week promised residents action would be taken regarding the mismanagement of bus service.

The meeting set in Daly City is one of the remedies sought for complaints against overcrowded buses, and juggling of routes.

Pacifica Post office dedicated

Pacifica's streamlined new United States Postoffice located in Pacific Manor was dedicated Saturday afternoon with a crowd of local citizens present as well as city, county, state and federal officials.

An address by electronic transcription from Congressman J. Arthur Younger in Washington, D.C. was a highlight of the program. Younger was represented by his field secretary George A. McQueen of Burlingame at the ceremony.

Younger, in his address told of the meteoric growth of Pacifica and the importance of developing postal facilities to provide the finest postal service. He praised Postmaster W. Harold Wolf for his outstanding administration of the postoffice in Pacifica. Wolf was the first postmaster appointed by Congressman Younger following his election in 1952.

Younger sent a flag from the nation's capital to Postmaster Wolf for his office, which was presented by McQueen.

Raymond R. Germain, assistant director of the San Francisco Regional postal office and a resident of Millbrae gave the dedicatory address in which he said that the postal service of the nation was growing at the rate of 2½ billion pieces of mail annually, which is equal to the total mail handled by the nation of Belgium, by comparison.

Senator Richard J. Dolwig of Atherton congratulated the citizens of Pacifica and Postmaster Wolf on the new facility which he declared had the affect of drawing the community together.

McQueen said that Congressman Younger would urge postal officials to arrange a contract station in the Sharp Park arta, where the old postoffice was formerly located, so that residents there will continue to have convenient service. In 1958 Younger secured the Linda Mar postoffice for citizens of that area.

Battle with law

Robert E. Dudley, 33, of 367 Irvington St., a Daly City steel worker, put up a strong resistance last Thursday against being jailed on a drunk driving charge.

Dudley was observed seated in his car at Crocker Industrial park but unexpectedly took off at 70 miles per hour on Visitacion Ave.

He was collared by highway patrolmen and taken to Redwood City, only to jump from the police car. Officers chased him and caught him a block away.

County denies use permit

Daly City Rabbi slams supervisors

Congregation B'nai Israel's Rabbi Solomon Shore Tuesday promised to fight the decision of the county board of supervisors to deny the congregation a use permit to build a new church.

The church paid $32,000 for a lot at Annie and Washington streets in Broadmoor after the county planning commission approved their use permit. Then the county denied the use permit, leaving the church virtually "holding the bag."

The county denied the permit on the grounds the church has a 15,000 square foot lot instead of the minimum lot requirement of 20,000.

"We are very adamant at the curtailing of our rights to build on the grounds," Rabbi Shore said.

Rabbi Shore said the congregation is forced to relocate from its original place of worship at Los Banos in "Old Daly City," because the property is condemned for a one-way Knowles avenue arterial to the new freeway.

Daly City councilmen, he said, promised to help the church relocate. And the Mayor of Daly City, Joseph Verducci asked the County Planning Commission to grant them their permit to build.

"The congregation feels very disappointed and frustrated," Rabbi Shore concluded.

Young mother killed in crash

Mrs. Leona Murphy, 24, of 125 Westdale avenue, Daly City, was killed early Sunday morning when the small car in which she and her husband were riding was crushed at the blind intersection of Vicente street and 35th avenue.

A sedan hit them broadside, climbed the roof of their car and shoved the wreckage 55 feet sideways.

Police said the car was hit by one driven by John E. Fifer, 21, a service station attendant of 1934 35th avenue. Fifer and Murphy suffered minor injuries. Mrs. Murphy's son, Mark, 8 months old, was at home.

Mental health series

The school's role

By Mrs. Roland Wick

Announcement has been made that mental health services will be established in North San Mateo county by January 1, 1964. This is a sixth in a series examining the need for mental health services in this community.

We learned early in this series that some of the interest in bringing mental health services to North County grew out of concern for problems of its young people. We know that the basic concern of a mental health clinic is for all ages in the community. Statistically, only about 2% of all school children ever are termed delinquent, and come under jurisdiction of the law.

But young people in trouble always attract attention. Daly City is not just shaking a warning finger at its youngsters in trouble. It is looking for a way to help any of its adolescents, as well as others, who see mto have growing difficulty in keeping in step with the world around them.

As superintendent of the Jefferson Union High School District in Daly City Mr. Edward Morgan works closely with some of these problems. In examining the position of the school in handling the problems of emotionally disturbed adolescents (and most youngsters in trouble are struggling with such a problem) Mr. Morgan talks of what the school is doing, and what it needs to do.

He also throws out a challenge to the surrounding community! Parents and other adults affectingg the lives of these youngsters must accept responsibility. The church has an area of concern. The school does not and cannot stand alone.

The view held by the general adult population that the school is "something special" is one Mr. Morgan would like examined. "The school is actually no different from any other part of society. We have the same kinds of people with the same kinds of problems," he says. "In last week's article of this series Dr. Edward Macklin, a psychiatrist who lives in North San Mateo county, quoted the figure of 20% of the population which needs help with mental and emotional problems. That same percentage holds true in the schools."

School Psychologist

To review what has been done in the district to help children with such problems, Mr. Morgan reports that for four years Jefferson high school district had the services of a school psychologist, and for two years a psychiatric social worker.

The scope of their work included testing of children sent to them making recommendations as to further help needed, and working with counsellors, teachers, and school administrators.

"To get into the area of direct treatment of all children who could benefit by it was something we could never begin to do. It would be impossible for a school district to finance work at that level. The school phychologist staff felt it was merely scratching the surface."

Dr. Kenneth Blood, who left the district in July, 1962, felt strongly that the most important contribution could be made by using existing school staff through the training of the counsellors, guidance staff and classroom teachers.

"When Dr. Blood resigned to take the position of Director of Councelling and Guidance for Liberia, we were faced with a decision. We had to embark on a program that would realistically be an effective tool in meeting the needs of our emotionally distressed youngsters, or get out of the program. "Mr. Morgan told us. "We had found difficulty in

Sand casting on the beach

A new experience, combining art and nature study, was enjoyed by a primary class from Abraham Lincoln in October when the entire class with six parents went sand casting at the San Francisco Beach.

The children and adults, dressed in their work clothes, visited the beach with bags of plaster of Paris, pails and cans. In the available sand each child dug, shaped and filled in the scene of mask he wished to preserve. Into the completed mold was poured the plaster of Paris mixture. After sufficient time for the plaster to set, the pupil carefully removed it from the sand and washed it in the nearby waves.

After lunching on the beach, sandy and weary, but happy in the outcome of a new experience, the class returned to school bearing many satisfying trophies of their trip.

Mrs. Arleen Byers, teacher, and Miss Susan Sheffield, student teacher, conducted the delightful art experiment. They were aided by Mr. Don Zanardi, Mr. Pat McDonaugh, Mrs. Philip Mayhew, Mrs. Donald Swanson and Mrs. Conrad Ebenner.

Mission Visit

As a dramatic final to their social studies unit on Missions in California, the fourth grade class, Mrs. Esther Turcott, teacher, of Abraham Lincoln, visited Mission Delores in San Francisco on Friday, November 1st.

A complete tour of one hundred eighty-seven year old mission, a discussion of the architecture of the building and an interpretation of the furnishings, clarified the historical and cultural importance of the Missions in the state.

The class was accompanied on the trip by Mrs. Turcott, Miss Pat Angelo, student teacher and Mrs. Ronald Miguel, class mother.

The final Parent Group Conferences for the Abraham Lincoln kindergartens were held on Tuesday afternoon, October 29th. Mrs. Sally Blancke, teacher, met with her mothers in the home of Mrs. Emery Schoolcraft on Palisades Avenue. Attending this informal discussion were the following mothers: Mrs. Robert Carew, Mrs. Lyle Church, Mrs. Wilbert Clampitt, Mrs. Robert Colin, Mrs. William Crocenzi, Mrs. Robert Duran, Mrs. Robert Dutton, Mrs. Donald Harvie, Mrs. E. P. Hughes and Mrs. Harold Jabs.

Mrs. James Westerdahl acted as hostess on the same afternoon for a gathering of mothers in her home on San Juan Avenue. Mrs. Kay Bollendonk, teacher, discussed kindergarten objectives and procedures with the following mothers: Mrs. Donald Denny, Mrs. Aaron Hirsch, Mrs. Clark Kerns, Mrs. Frank Larsen, Mrs. Raymond Leahy, Mrs. Joseph Lenci, Mrs. Herman Lewin, Mrs. Walter Marioni, Mrs. Richard Mora, Mrs. Don Sagner, Mrs. Harry Smith and Mrs. Jack Troy.

Student Newspaper

The staff of the Lincoln Gazette, student published newspaper for Abraham Lincoln School, is at work gathering news for the first printing of the school year. From Room 17, Tina Herbert and Robin Simon are reporting school gossip. Tom Jacobson, from Room 16, is interviewing the new teachers, on the faculty, while classmate Sue Menconi, is gathering interesting facts from the kindergarten, first and second grades.

Student Council news is to be reviewed by Steve Hall and Elizabeth Williams of Room 18. Two newsmen from Room 15 and 18, Monty George and Bob Baldwin, are responsible for the school sports reports. Debbie Levine, of Room 14, is writing the news of the library, while Eddie Johnson, Room 13, is searching out facts on science experiments being conducted in the classrooms. Rachel Goldman, Room 12, has her notebook open for news of third grade doings. In Room 11, Karen McVeigh and Barry McGuel are keeping their eyes and ears open for unusual happenings in the school.

The Gazette, sponsored by Mrs. Florence Lang, fourth grade teacher, will appear before the Christmas holidays. Second and third publication dates will be announced later.

C. Columbus Carnival Nite

An evening of fun and games for the whole family has been planned by chairman Mrs. Dana Meckler and her co-chairmen Mrs. Helen Henry and Mrs. Louise Matthews.

One of the outstanding booth attractions will be the Christmas boutique featuring handmade stuffed animals and Christmas stockings.

Games new to the carnival circuit are clown toss, aquarium and hi-low to name a few that will be on hand Friday night. Game winners will receive prize tickets which may be accumulated for larger prizes.

WESTLAKE Shopping Center's annual Auto Show is on the wing. The big show, slated for Nov. 13 through 16 on the Westlake Mall, will feature some 45 to 50 new '64 models of all makes and sizes. Eighteen American and Foreign car dealers are entered in this year's programming. Naturally, as in the past, the upcoming show is free to the public.

With the State Highway budget showing expenditures of almost $24 million in San Mateo County for fiscal 1964-65, local road problems, particularly cross country laterals, will be one of the most important subjects of discussion. State Senator Randolph Collier's keynote address at the luncheon is expected to touch off a heated panel discussion on the ways and means to correct the county's road deficiencies.

City Councilman Wallace Benson of Belmont will be the moderator for the panel discussion following the senator's talk. Members of the panel will be David D. Bohannon of Woodside, Governmental Research Council; Councilman John J. Carter of Half Moon Bay; Mayor Harold Feyge of Pacifica; City Manager John R. Three morning and two afternoon 45-minute panel sessions, all with prominent Keynote speakers, will discuss Sanitary Sewers, Sanitation-Refuse Disposal, Bay Fill, Mass Transportation and Convention Center-Hotel Tax.

A series of five minute "quickie" reports will start at 3:45 and end the program at about 5 p.m. Subject include Open Space Land Preservation, Flood Control, Airports, State College, Human Relations, Local Agency Formation Commission, and a summation in Relation to Business Climate.

Supervisor Chairman James V. Fitzgerald and Mayor Joseph J. Verducci will open the program with a brief welcome, with response from Ed R. Levin, president of the County Supervisors Association of California, and Marvin M. Church, president of the Peninsula Division of League of California Cities.

State Senator Richard J. Dolwig and Assemblyman Carl A. Britschgi and Leo J. Ryan will have prominent parts in the day's program.

Supervisor T. Louis Chess will be the keynote speaker on "Convention Center-Hotel Tax." Supervisor William M. Werder will moderate the panel on "Mass Transportation" and Supervisor Edward R. McDonald will explain the functions of the new "Local Agency Formation Commission," which has full authority over all annexations, special district formations, etc. County Manager E. R. Stallings will be moderator of the Bay Fill panel.

Members of city councils, city managers, department heads and commissioners have received invitations to attend the symposium. The day's program will get under way at 8:30 a.m. with a coffee hour and registration.

Students see opera

The students at Benjamin Franklin 7th and 8th grade school recently had an opportunity to attend a performance of the opera "Falstaff" at the War Memorial Opera House in San Francisco.

In cooperation with Mrs. Muriel Vint, Jefferson Elementary School District Music Coordinator, the school was able to obtan a block of 36 tickets for an afternoon performance at reduced rates. Students purchased their tickets on a "first come, first served" basis, and the school district provided transportation for the event.

General discussion meetings concerning the opera were held prior to the day of the performance to give the students an adequate background to understand and appreciate "Falstaff."

The field trip was a complete success, with all of the students enjoying their experience.

In addition to Mrs. Vint, Mrs. Elda Black, vocal music director at Ben Franklin, and Mr. Tom Notaro, teacher, accompanied the students.

The students of Mrs. Jean Kaldahl's eighth grade United States History classes have been studying the early exploration of America. As one of their projects they have prepared newspapers, with such mastheads as "Ye Olde Times," "Genoa Gazette" and "The Atlantis" announcing events that occurred in the fifteenth and sixteenth centuries. The stories, headlined by "Columbus Reaches Asia," "Magellan's Ships Around the World," "Spanish Fleet Returns," etc., are based on individual historical research and are written as these events might have been reported in the newspapers of the time.

The "newspapers" have been posted in the corridor windows for all of the school to read and enjoy.

Students whose work appears include: Leslie Brodie, HR.2, Bruce Russell HR.5, Glen Eastman HR.2, Gregory Richards HR.44, Marianne Jorgensen HR.5, Dario DeGhetaldi HR.2, Perky Gillespie HR.2, Dennis Salomon HR.44, Kathy Knowlton HR.5, Wendy Rosenberg HR.44, Paula Masterpole HR.5.

Rodents are thriving

S. Mayfair gophers

By Jack Wood

A tough lot of gophers have established themselves in the upper reaches of South Mayfair avenue in Daly City.

These rodents burrow myriad tunnels throughout the backyards in the 1400 block and refused to be scragged by gas, poison and drowning.

"I'm sick of it all. It's a bit much," despaired Mrs. Ruth Bromley, 1480 So. Mayfair, as she nudged a gopher mound with the toe of her shoe.

Apparently the gophers are master engineers at tunneling, and defy all efforts of entrapment.

They cannot be taken by the easy method of midwesterners, who, resting a full milk bottle of water over the gopher hole, can cause the drowning rodent to swim through the neck of the bottle and be caugh alive and kicking.

A next door neighbor to Mrs. Bromley attached a tube to the exhaust of his car and flooded the gopher holes with gas, but to no avail.

Gopher poison was also used. No result.

According to reports, at least one new lawn was planted due to the activities of the gophers.

One resident took three days to dig out the piled up dirt left by gophers under his porch.

A water hose placed in the holes, disappears from sight, because the holes go so far down into the ground.

"Something should be done. I don't think it's healthy," the irate housewife said.

But so far, the rodents have the upper hand. Holes are being dug daily. They are thriving happily along that sandy stretch of land abutting Skyline Boulevard.

It would appear nature was smiling on them.

They are happily feeding off gladiola bulbs in the gardens.

They are getttng large and fat.

Alas, Daly City is the land of happy gophers!

Defiant Cuba trip told

Three San Francisco State College students who defied U.S. State Department orders and went to Cuba last summer spoke to Westmoor students at the Westmoor Little Theater Oct. 30.

Mr. and Mrs. Clint Jenks and Joe Rex, told of their venture, its implications and its results.

Legal aspects of the trip were discussed, revolving around the basic question, "Does the State Department have a right to tell us where or where not we may go throughout the world?"

In early July, 59 American college students chartered a plane and, via stopover in Europe, embarked upon their eight-week stay in Cuba.

Reportedly possessing complete freedom while in Cuba, the San Francisco students said that they were able to talk to whomever they wanted, be they supporters or non-supporters of the Cuban Revolution. Staying a good part of the time in Havana, they saw Cuban schools, prisons, and factories.

From their brief observations, they report that they collected an "accurate picture of circumstances" there, thereby enabling them to make conclusions concerning such areas as education and government.

Following dissertations on various aspects of the trip by each visiting student, there was a question and answer period. Topics then discussed included the present influence of Russia on Cuba, changes in Cuban standard of living and way of life resulting from the Revolution, the feelings of the Cuban people concerning the Revolution, and to what extent Communism today controls the Cuban government.

In response to questions by WHS students and teachers, the three speakers also described the Cuban educational system as compared to that of the United States, the ration system being used there, and Cuban governmental policy, freedom, and family life.

Goals of Cuban students, their hopes for the future, and their desire to better themselves were also discussed.

Presentation of these speakers was sponsored by the Junior Statesmen Club of Westmoor High School. Club advisor, Alvin Wolf, stated that the purpose of their visit was to "stimulate thought and gather information." He added that Westmoor students should listen with an open mind and analyze what they heard.

Social Science classes at Westmoor have been discussing the State Department's point of view, so the students have been able to hear both sides of the issue.

Mr. and Mrs. Jenks are psychology majors at San Francisco State College and Mr. Rex is an English major. All three are juniors.

POLITICAL ANALIST — Wilbur G. Lee, works check-out stand at Cinerama Market where he works with his family while on leave from Washington, D.C., where he works as a political analyst and International Affairs Officer. A multi-linguist who speaks Spanish, Mandarin-Chinese, Cantonese-Chinese, French and Japanese, Lee has taught Latin, history and government at the University of Marilyn and Florida State University overseas campus in Panama. He received his AB and MA degrees at the University of California at Berkeley.

Drama club sees 'taming'

By Lanette Howard

Viewing the Actor's Workshop production of "Taming of the Shrew" were 70 members of the Drama Club, Fine Arts Club, and guests from various English classes.

Commenting on the production, drama teachers Mr. Robin Jackson stated it was "an excellent performance . . . colorful and lively." Lively is the correct word since live animals were used on stage, and added to the realism of the colorful sets. Mr. Jackson stated that the outstanding performances wer those of Ray Fry and Irving Israel.

Reviewing the cutting of the play, Mr. Jackson remarked that the play had been performed almost in its entirety although some acts had been combined to shrink the play from five acts to two. The performance also retained the baudiness of the play. The production was also balanced and well adapted to the stage.

A 'pearl' of a secret

R. W. Manzini, manager of Westlake Jewelers, appeared Monday night on Channel 5 "I've Got a Secret." He has the "World's Largest Pearl," a pear-shaped jewel, the size of a football, and much heavier.

Mental illness talk at psychology classes

By Rita Fahrner

Mental illness, including psychosis and neurosis, psychological treating, personality growth and development, deviations in personality, and psychotherapy and psychoanalysis are among the sixty topics of the term report to be given in Mrs. Rosemary Smith's Psychology classes this year.

Given roughly two months to work on the report, each student is required to give a twenty-minute oral presentation.

Many students use extra aid in their reports such as films, slides, charts, tapes, and guest speakers.

In previous years, one student gave the class the Duke University Extra-Sensory Perception (ESP) teat, while anothtr mimeographed a type of human maze on paper for his classmates.

Some students have taken psychological surveys.

To obtain information for their presentations, many students visit schools for the handicapped, such as the cerebral palsy school; write to other centers; talk with friends or relatives who are psychologists and psychiatrists; study case histories; and spend much time in research at the San Francisco State College Library.

In addition to the regular work and the term project, each student is expected to turn in an outside research paper each week.

Panel discussions and debates are also included in the program.

During the past years at Westmoor, the number of studtnts of the one-semester elective class has quadrupled.

In relation to the adult population, the District of Columbia has the greatest number of college graduates, 14 per cent.

Locals named to speech contest

The Individual Events Speech Tournament, sponsored by the Golden Gate Speech Association, will be held at Riordan High School Nov. 9.

Westmoor participants include Bill Spears, impromptu; Elaine Pistoresi, dramatic interpretation: Stefni Winter, humorous interpretation; Kim Miller, original oratory; and Anita Capps, original oratory.

Challenge to all of us

One of the largest single grants ever given by individual donors to a college was announced this week when DeWitt and Lila Wallace, co-founders and co-publishers of The Reader's Digest, gave $10 million to Macalester College of St. Paul, Minn.

Although multi-million dollar gifts to colleges by individuals are not uncommon, the Wallaces' grant brings to a total of $25 million their gifts to Macalester and probably sets a record for individual giving to a school of its size. This liberal arts college has an enrollment of approximately 1600 students.

What interests us more about the gift than its amount, however, is the manner in which it is being given. It is a "challenge gift": that is, Macalester will get the money only if it can raise an equivalent amount by itself.

The college has risen to the challenge by announcing a $32 million capital building program for the next ten years.

What a strong rebuttal this is to those who cry that education's only hope is for massive Government support! Here is a small school in a relatively small community able to formulate an enormously ambitious program and eagerly accept the challenge offered by a matching grant donor.

It seems to us that in his challenging gift to Macalester, Mr. Wallace has also thrown down the gauntlet before those of his fellow citizens who are content to let the Government take over control of education.

This gift should remind every one of us that our future and our continued freedoms are largely in the hands of our institutions of higher learning. They need and deserve wholehearted individual support — and we need them to be strong and independent.

The View From Behind the Badge

Written and Edited by Daly City Police Department

The auto was burgled at 4 a.m. on Dec. 16, 1960. The thief broke the wing window, opened the door, and removed a tachometer and a caliber forty-five United States pistol.

Patrolman (now sergeant) Murray worked the beat and he investigated the complaint. He recorded his investigative facts on a police report. Then he implemented a teletype message, the All Points Bulletin, because the weapon was serial numbered.

Then, because of the passage of time and the pressure of other work, the case was put in a suspended status. This means that it was not cleared. Even the officers forgot about it.

The case was remembered, however. It had been preserved in the records repository, sometimes known as the "memory of the Department." It was also preserved in teletype files all over.

The San Francisco Pawn Shop detail remembered, through such records. A Marine, on leave, hocked the gun in a pawn shop. This fact came routinely to the attention of the Detail. When the serial number matched their records, they notified the Daly City Police.

Detective Stables talked with the pawn shop people, and retrieved the weapon. Then he checked out the name of the person who pawned it. The man was at a Marine Air Station in southern California.

A letter to the Commanding Officer of the station found its way into the hands of the station's Criminal Investigation Unit. Response was immediate. The investigator phoned, and followed up his information by letter.

The Marine named the person who had given him the gun, along with other valuables, in exchange for a motorcycle. The Marine would visit the Detective personally on his next weekend liberty. The official competency and the unofficial persuasion of the CID man was very gratifying.

The Marine did visit the Detective, and confirmed his story. He knew of no present address for the other man, but was able to give some clues as to where his civilian friend might now be working.

Stables started his manhunt. He finally located a similar name; the owner of the name labored in a factory in San Francisco. Stables went to the factory. He worked his way through the factory hierarchy, and ultimately found himself closeted with his man. It was the right man.

They spoke of the Marine, and the motorcycle, and the payment made for that vehicle. They spoke of work and family and other things. The man did not mention the forty-five. Stables did.

"What forty-five?"

"The one you gave the Marine for his motorcycle. Tell me about it."

"Oh, that. I got it out of a car in Daly City."

They talked about the whens and wheres, and then Stables elicited a signed statement from his thief. The man went back to work in the factory. The Detective went on to investigate another case.

Later, he brought his facts before the Deputy District Attorney in South San Francisco. He signed a complaint. A warrant was issued. He just made it. This is 1963; the statute of limitations would have expired next December 16th.

Pvt. Patrick Ing takes teletype course

Marine Private First Class Patrick K. Y. Ing, son of Mr. and Mrs. Barr F. Ing of 1184 Crespi dr., Pacifica, completed the Telephone Teletype Repair course, Sept. 24, at the Marine Corps Recruit Depot, San Diego, Calif.

Something for Everyone

By Samuel Chandler

"They'd rather be right" by Edward Cain is a searching exploration of the appeal of the "far right" groups. Few Americans, I am sure, are aware of the methods employed by the John Birch Society and other extreme political groups as Mr. Cain reports.

It is surprising to read that a national organization which pretends to preserve "the American way of life" advises its members to write to the Boy Scouts to protest the selection of the President of the National Council of Churches as a speaker at a national jamboree. It is fearsome to read such quotations as "We can imagine few things more unpatriotic for a good American citizen today than to own United States Government bonds," or "Start shocking the American people. The best way to do this is by exposure. If you aren't sure of your victim, use the question technique to embarrass him," or this, "This is a republic not a democracy—let's keep it that way."

The special emphasis of "They'd rather be right" is the response of youth. Here are presented the activities of Ayn rand—the novelist, William F. Buckley Jr., Robert H. W. Welsh of the Birch Society, Senator Barry Goldwater, Peter Viereck, Clinton Rossiter, the fundamentalists, the Young Americans for Freedom, the phony religious crusades, the Intercollegiate Society of Individualists and others and of young America's acceptance or rejection of them.

The author holds a Ph.D. from Columbia and works for the State of New York. Reviewers have called his book provocative, reasonably impartial, merciless, occasionally complimentary.

There are 15 chapters, each describing a leader or a movement. Mr. Cain's conclusions are found in a chapter entitled "The young intellectual decides."

Referral selling can be misleading

By Lorene Beasley

"You have been referred to us as an outstanding member of this community."

Flattered by the telephone call, the woman was a push-over for a home interview. It was easy selling for the saleswoman, an expert in the art of name dropping and flattery, and the "selected woman" signed a contract for $300 worth of books which she was told were necessary for future study groups.

The "selected woman" went to the first meeting to find herself one of some 100 women, also "especially selected." Later they were upset when letters threatening lawsuits came from the home office when they tried to return the books for which they had no use.

The Better Business Bureau does not minimize the value of good sets of books and encyclopedias. However, it believes that prospective buyers of book sets should be warned that they are not an "especially selected" group of people who are allowed to buy the books.

There is a certain status tendency today to fill empty shelves with high-brow books. You should buy only if you have a need for a particular book set if your children are the proper age level to use it. Consult your child's teacher or a librarian as to the proper encyclopedia for your child.

Some of the other "door-openers" used by subscription book publishers:

1. Ads, contests, drawing contests and coupons in newspapers and magazines.

2. The gimmick, "A good friend gave me your name." That may be a part of the "special deal" the friend entered into.

3. "Cold canvass" or being called upon unannounced by a salesman who claims he is from the "advertising department" and is not a salesman.

JOIST FLOORS

Wood joist floors take Class A rating as the easiest possible floors on the feet. The wood joist has a certain "give" to it which makes it a good walking surface. Douglas fir joists give both strength and resilience.

TV and RADIO

By Mona Baker

"Please come in", a cheery, well-modulated voice welcomed us. Although we stepped into a radio studio, we had the pleasant feeling that we have when we are entering a home. This is the reaction that all her guests experience when they talk to Evangeline Baker because she is a gracious and warm person. This is the mood that she creates too, in her radio show—a friendly, warm welcome that quickly wins over her listeners as well as her guests.

During the past years, "Vangie's" program over KNBR (weekdays, 12:15 p.m.) has built up a large and loyal following. She skillfully combines fashion, beauty, decoration hints with more serious news and interviews (sparked with just the proper amount of informality) that makes for a most entertaining and well-balanced radio show.

Active now in radio, Miss Baker also has had an extremely successful career in television, appearing on both network and local shows. She has won three awards from the Northern California Academy of Television Arts and Sciences for "Best Show of the Year", "Best Domestic Comedy" and as the "Outstanding Female TV Personality". In addition she has appeared on over 9000 live TV commercials plus many filmed commercials. She is also in great demand as a fashion show commentator and has presided over hundreds of San Francisco fashion shows throughout the years.

Jefferson HS news

By Veronica Pack

Jenny Jacobsen, a senior at Jefferson, has been honored for her outstanding performance on the National Merit Scholarship Qualifying Test given last spring.

Because of her performance, Jenny received a formal letter of commendation signed by Mr. John Mongan, Jefferson principal, and the president of the scholarship corporation.

The semi-finalists, together with the commended students, constitute about two per cent of all high school seniors.

Jenny was one of 30 students chosen from all over the United States to take an advanced mathematics course at U.C.L.A. last summer for six weeks.

During this period the students did intensive work and were able to meet people of similar interests and exchange ideas.

Jenny favors mathematics, enjoys traveling, plans to join the French Club and is now participating in the Model Senate at Jefferson.

She has earned membership in the California Scholarship Federation while following the University course of study throughout high school.

Class elections were held recently for the fall term at Jefferson High School.

Those chosen to lead their classes:

Freshment: president, Linda Caviglia; vice president, Sue Chiappari; secretary, Judy Nolan; and treasurer, Vera Rendeiro.

Sophmores: president, Mike Zugar; vice president, Shirley Myers; secretary, Pam Manning; and treasurer, Janice Navarra.

Juniors: president, Georgettte Kaleiki; vice president, Janet Vaznaugh; secretary, Marianne Lewis; and treasurer, Judy Pearlman.

Seniors: president, Toni Matteucci; vice president, Archie Cordova; secretary, Jacki Treanor; and treasurer, Pat Navarra.

C.S.F., California Scholarship Federation, is the honor society at Jefferson, as it is in high schools throughout the state.

To qualify for membership, a student must have earned at least 10 points on his semester grades.

An "A" is valued at three points, and a "B" at one. Half credit may be earned in nonsolids.

The outstanding students who are members of this select organization this fall.

Seniors: Betty Cosmos, Jill Crowhurst, Bob Dettmer, Diane Donati, Janice Higgins, Ken Iwahashi, Terry Jue, Jenny Jacobsen, Sue Kirschner, Evelyn Morabe, Barbara Murdock, and Toni Matteucci.

Juniors: Susan Colang, Cheryl Fitzpatrick, Theresa Hamerski, Sharon Keck, Jeannie Keefe, Diane Lowpensky, James Martin, Mike Muzio, Toni Nemia, Veronica Pack, Linda Spencer, Judy Streeter, Ray Suey, and Kathy Williams.

Sophomores: Luz Blanco, Sandra Campbell, Ted Cisneros, Glenn Gee, Ken Hall, Ken Ong ,Pearl Price, Nancy Montalvo, Claude Munday, and Jim Waller.

The students in the organization will have the opportunity to go on field trips to neighboring colleges and universities and participate in other activities.

This year for the fourth tin e Jefferson High School is holding a Model Senate.

Initial meetings of the Democratic party under the leadership of Ed Cereghino and the Republican party under the leadership of Rudie Tretten have been held.

Two model senators (either Democratic or Republican) from each state are required to write to the senator whom they are to represent and obtain his views and policies.

In past years through the combined efforts of the advisors and students the Model Senate has been very successful.

Trampoline fun for W'moor dads

By Beth Buckley

The "daring young man on the flying trapeze" never was as dashing as the daring young dads on the bouncing trampoline Oct. 29 at Westmoor's boys' gym.

Actively participating in the G.A.A. Father-Daughter Fun Night proved to be exhausting work as the girls urged their dads onto the tramp.

Fathers and daughters also played volleyball, badminton, and ping pong with equal zest.

Before becoming active particeipants in games, the fathers were allowed to enjoy half an hour of relaxation while watching demonstrations put on by Miss Carolyn Ames' modern dance classes.

The first two dances were demonstrations of routines learned in class. The girls danced to the tunes "The Way You Look Tonight" and "Dan You Look Tonight" and "Dance in the Gym" from West Side Story. Later, individual groups demonstrated dances that they had worked on themselves.

Anita Capps, Chris Kamp, Carolyn Henninger, and Roxanne O'Brien danced the Black Bottom. The theme from Solomon and Sheba was the music that accompanied Janet Bolton, Denise Jamin, Trudy Josselyn, Virginia LaChance, and Mary Messier.

Judy Kirkjian, Sandy Johnson, Diane Duart, Sue Gleason and Sandy Conlan danced to music from "King of Kings."

After the dance demonstrations, Cathy Colman, Marilyn Derham, Gaye Herrick, Linda Rivero and Mary Wright performed on the trampoline.

They first showed the audience the correct way to mount and dismount the tramp, then worked their way through stunts, starting with the easiest and ending with the more difficult.

Sponsored by the Westmoor chapter of the Girls Athletic Association, "Fun Nite" is an annual event at Westmoor.

G.A.A. adviser, Miss Shirley Minaker, and her assistants, Miss Darlene Keith, Miss Carolyn Ames, and Miss Rosemary Cooper "pushed" cookies and grape drinks when refreshments were served after the demonstrations.

Facts vs fairy tales stressed at teacher conv

Miss Mary Ann Holden and Mrs. Lois McNabb, both of the Westmoor English department, attended the Bay Section California Teachers Association Leadership Conference in Asilomar, California Oct. 25 and 27.

Thomas Braden, Chairman of the State Board of Education, the principal speaker discussed "Students should be taught facts as accurate" and "Truth."

Mr. Braden felt that if students could be taught facts—not fairy tales—and interpretation of facts—the ability to think—the student could then make an intelligent decision.

"Professional Negotiation" was the topic of a section meeting, attended by the two teachers.

The importance of cooperation among boards, administrators and teachers was explored.

Both teachers felt the conference gave them an opportunity to meet and talk with teachers from Northern and Central California.

"You have a chance to get ideas and find out what other teachers are doing," Miss Holden commented.

Westmoor wanderings

By Sherry Rosen

Squatting thoughtfully in the garden by the snack bar is the most provocative conversation piece among the intellectuals at Westmoor.

Many art critics have declared the pint-size sculpture to be inspired by Rodin, and obviously placed as a gentle reminder to students that "The Thinker" meditated deeply and apparently got good grades, even if it was at the cost of a chronic backache.

Moans and groans accompany quarter finals at Westmoor High School this week.

Everyone likes to recall that just "yesterday" was the first day of school, and no one likes to recall that report cards will make their usual uninvited appearance next week.

Adding to the atmosphere of our dismay is the fact that local beauty shops received an "unearned increment" of extra profits this week.

Many of the teen-age femmes who splurged a lifetime's savings to indulge in a professional pouf for senior pictures learned last week that, because damaged film, many pictures had to be re-taken. So it was back to the beauty shop, back to the nocturnal uprightness, and back to the cameras . . .

"Guest star" at last week's Executive Assembly gathering was Mr. Allan Boyd of the Daly City Recreation Department. Mr. Boyd spokes to the Assembly, asking for suggestions and ideas for more teen activities in the Westmoor area.

Ramsville At Random: "Music To Chew By" will soon be restored as a daily cafeteria attraction after a two year's absence.

The only complaint now is that chomping to "The Bristol Stomp" is like dancing to a minuet at a Westmoor High School dance . . . Ten lucky seniors are now behind the wheel in the driver training course . . . Top scorers on the test last week were accepted for the after-school sessions with instructors Mr. George Grosser, Robin Jackson and Howard Loeffler.

Spooks out in force at Pack 77

Spooks were flying around Buri Buri School when Cub Pack 77 held their annual Halloween Party and White Elephant Sale.

Dr. Frank N. Stein (in reality Cubmaster Vince Gianni) welcomed as new Bobcats: David Day, John Dubrovich, Daniel Faraci, Andrew Nielson, Marc Diva, Jeff Robinson and Richard Zink.

Den 5 was formed and new Den Mothers Peg Brown and Peg Robinson were presented with sleeve patches.

Den 3 welcomed Lorraine Day as their new assistant Den Mother.

Dr. Frank N. Stein presented the following awards: Wolf—David Ross with gold arrow point, Joseph Flickinger with Gold and Silver, Richard Fosberg, Jimmy Fitzgerald with Gold, and Tom Brown.

Bear — Donald Moorehouse with Gold and Silver, and Dennis Laypuade.

Lion— Jeff Garzoli with Gold and Silver.

Webelo "Arrow of Light"—Curt Stribling and Richard Williams.

Scoutmaster Hal Humber assisted David Rhoads, Richard Music and Rob Olson into Troop 179.

November events include a Stanford football game, an official inspection and a neckerchief slide contest at the next Pack Nite, it was announced.

Refreshments were served by Barbara Rutherford, Betty Steele, Lee Hendrix and Ruth Wick.

Westmoor newcomers welcomed

Newcomers to Westmoor hailing from Chili to China were honored at the second annual reception for foreign students at Westmoor High, sponsored by the International Friendship Club.

The former American Field Service Club is widening its horizons this year with the inclusion of additional programs offering visits abroad.

Foremost among these is the "Experiment in International Living," which offers a chance for people of almost any age to spend a summer in one of 46 countries throughout South America, parts of Africa and Asia, and Europe.

Travelers under this program spend one month living with a family in the host country and one month touring the country with the Americans in the program.

For those students applying through Westmoor, the estimated cost for the student's family will be $300-$400; Westmoor contributs $750.00.

"We're interested in people," says Mary Jane Putz, president of the club and a recent returnee from Italy.

Mary Jane spent several months in Italy under the sponsorship of the program.

She expressed the feeling that world peace is based on co-operation and understanding among people of the earth.

"Until they get together," says Mary Jane, "there is no hope."

The club's two advisors, Paul Zimmerman and Mrs. Lois MsNabb, concur.

Gary L. Wallace completes basic

Mormon elders serve at Daly City

"What do you know about the Mormon Church? . . . Would you like to know more?" These are the two questions that will be asked by two young Mormon Elders to the people of this area. Serving two-year missions for the Church of Jesus Christ of Latter-day Saints, more commonly known as the Mormon Church, are Elder Edward Pelekai and Elder Lester Broadhead.

Elder Pelekai is from Hana, Moui, Hawaii, who has been on his mission for a year in Northern California. Elder Broadhead is just starting his two-year period. They are called to explain the teachings of the church in a systematic and organized manner to anyone or any group that desires to know more about the Mormons.

Many say that these two years that they are called to serve is a sacrifice because it is on their own time and expense but these two think that it is a privilege and a blessing.

Since the church was organized in 1830, although persecuted from the beginning, it has grown tremendously throughout the world. One of its unique features is the outstanding youth programs it has for the young people and the entire membership. The main point of this church is the testimony it has of the truthfulness of the Gospel of Jesus Christ.

These Elders reside at 262 Crocker Ave., Daly City, phone number DE 3-4072.

Temple Judea talk on 'Changing Standards'

"All of us in the Bay Area are still in a state of shock resulting from the double suicide of two teen-agers," stated Rabbi Herbert Morris of Temple Judea. The Rabbi will expend his remarks in his sermon this coming Friday evening, Nov. 8.

"In a world of changing value and standards, the young adolescent has an extremely difficult job," Rabbi Morris points out. "On the one hand, he is faced with an intuitive sense to rebel at society. This is the idealist in the youth. On the other hand, he is subjected to the pressure of conformity by members of his own group. The teen-ager reaches out and wishes to be shielded from hurt. If it is difficult for the teen-ager, it is that much more difficult for his parents."

Included in the Sabbath Evening Service, to be held at Temple Judea at 8:30 p.m., will be a "welcome" to the 50 families who have recently joined Temple Judea. The new Temple building, now under construction on Brotherhood Way, is rapidly nearing completion.

Candle Blessing for this Sabbath Service will be done by Mrs. Reuben Pinkus. Hostesses for the Oneg Shabbat (social) following the service will be Mmes. Zel Ber, Bruce Gilbert, Harold Juster.

From A Feminine Viewpoint...

By Mona Baker

Last weekend's Pacifica Art Guild Festival was a resounding success with a most impressive display of oil paintings, mosaics, watercolors, woodcuts, and sculpture. Certainly a most suitable location for the festival was historic Pedro Point Firehouse in picturesque location tucked away in the hills bordering on the Pacific Ocean.

Friday evening a special invitational preview was held with many localities in attendance.

Among the winning entries was one won by Westlake artist, Ruth Rosengard, whose oil "Nutaines" won a second place.

Three distinguished Bay Area artists Nevin Kempthorne of Novato, William Sale of Hayward, Mary Bailey of San Mateo, were the judges.

This is the fourth year for the annual art exhibit to be held in Pacifica. Each year attendance has grown with art enthusiasts coming from cities around the bay to view the exhibit.

Committees in charge of this year's art show include general chairman Louis Hays, posters; Don Carlson, outdoor advertising and decorations; Jon Rice and Sherri Thomas, refreshments; Roberta Ewald, Sydney Clark, Janet Tuck, Jean Slaughter, publicity; Lillian Neathery, hanging the show: Luther Spraker, Louis Hays, Bob Southworth.

One of the truly dedicated members of the Daly City Friends of the Library and one of those responsible for getting the organization off to such a fine start is our community leader this week. She has served every year on the executive board since the group was founded in 1956. This year she is parliamentarian.

Another organization to which she has devoted many volunteer hours is the American Cancer Society of San Mateo County. She served on their executive board for seven years.

While her family was growing up she was active in PTA serving as president for both elementary and high school groups. She has also worked on community fund drives.

Now a proud grandmother of eight grandchildren, Martha Cohn receives our salute as community leader of the week. Residents of Westlake for 12 years, Mr. and Mrs. Julian Cohn live at 93 Dorchester. They have a son, Julian, and a married daughter, Marjorie, who lives in Seattle.

MUSICALLY SPEAKING: The Daly City Community Chorus which has such a busy schedule of local appearances in the months ahead, now has an organization structure to help with the details. President is Patti Stoltz. She is assisted by Adela Zamora, secretary, Kay Kaufman, treasurer, Jackie Madden, telephone chairman and Joe Valcazar, social chairman.

★ ★ ★

FASHION TRENDS: You'll want to put your "best foot forward" for the coming holiday season and what a glittering foot it will be. Among the new glamour trends in shoes according to Bert Feltinton, manager of Blooms, is a tear drop rhinestone trim in either white or black on the vamp of the shoe. Gold and silver pumps are also high fashion as well as colored shoes tinted the exact shade of your party gown.

MOTHERS MARCH: Local leaders are making plans for the annual Mother's March of Dimes scheduled for January 28. Area chairmen met last week at the home of Daly City chairman, Jo Berry, to receive their kits and watch a film narrated by Henry Fonda titled "At the Edge." Assisting Mrs. Berry in this year's drive is Nancy Battaglia.

Fashion show plans progress

Fashion show plans are mounting for "Spring Portraits," the pre-Lenten showing of clothes by "The Fashion" of Westlake, sponsored by Court St. Mary No. 1155, Catholic Daughters of America.

Mrs. Arthur Dikas, program chairman, held a "paper models" cutting session at her Westlawn Avenue home last night in preparation for the assembly of program covers for the Feb. 1 event. Members, armed with scissors and paste, spent a pleasant, but busy, evening and were served refreshments following the working session.

On next Tuesday evening, Nov. 12, a co-ordinative meeting will take place at the Wellington Avenue home of Mrs. Carl Rollandi, investment chairman. At that time progress reports will be made to Mrs. John H. Gilmour, general chairman, and Mrs. Virgil Zaro, the co-chairman. Various ladies already busy with their various duties will detail their progress to make the show an outstanding one. It is hoped a full list of chairmen will be available at that time.

The fashion show is to be held at the Our Lady of Perpetual Help parish hall, according to Mrs. Maurice Clark, grand regent of the court.

Members of Ct. St. Mary will attend the annual District Meeting of the Catholic Daughters of America to be held on Sunday, Nov. 17, at the Sheraton-Palace Hotel in San Francisco, for the archdiocese of San Francisco, diocese of Santa Rosa.

Mental Health series

(Continued from Page 1)

finding well-qualified people in the mental health field to fill our vacancy. The cost of doing a good job was very high. Our decision was to get out of the program until such time as state or county funds would be available to augment such school participation."

"We have, however, tried to continue to help our staff be well prepared in this field. At the present time everyone on our counselling staff either holds a Pupil-Personnel Credential, or is embarked upon the program which leads to such a certificate. This is not a psychology credential, but is heavy in emphasis of identifying and understanding problems which do come into the realm of mental health," Mr. Morgan explained.

Early Identification

Dr. Joseph Downing, director of San Mateo county Mental Health Services has often expressed the need for concentrated effort in identifying emotionally disturbed children in the elementary grades, along with corrective treatment at that time.

"We have learned the value of yearly physical check-ups, or a quick trip to the dentist at the first sign of a cavity—yes, even in 'baby' teeth," says Mr. Morgan. I look forward to the day when early care of emotional ills will play the same part in our normal health routine."

In responding to the question raised by Dr. Macklin regarding what educational program is aimed at the high school level regarding problems as alcoholism, Mr. Morgan explained that state law requires teaching of problems involved in the use of alcohol, narcotics, and tobacco. Some of this comes through the science classes. The one semester course given to all freshmen also touches on these subjects. The health and recreation program (physical education) gives considerable material in the broad field of mental health and general health.

"But we are always aware that we are teaching adolescents. Too often they want to do what they are told not to do. Thus any contribution through groups of their own age, such as the Alateen branch of Alcoholic Anonymous, would be most effective," the school administrator observed.

At this point Mr. Morgan noted a church responsibility in some of these problems. The church's role in the community must be felt in this regard.

"And where does the sale of liquor, tobacco, even narcotics, rest? Too often in the hands of other adults in the community," Mr. Morgan said with emphasis. "The school certainly can't control problems that other adults do not try to help."

Mr. Morgan then threw another challenge toward the home. "We are often confronted with a youngster in serious trouble, and inturning to the home in trying to work it out, are actually told to "mind our own business."

"These are community problems. The school is but a part of this community. There is much we all need to do."

What of the training of more ptople in the field of mental health? This is a need expressed strongly by Dr. Macklin. Mr. Morgan says, "We need more well-trained people, and need them badly. ur own experience in trying to fill the school psychologist position showed us that. Here is a technical field that college-bound youngsters could well look into."

Greater Awareness Need

Miss Margaret Riggs, dean of girls at Westmoor high school, expressed the need for a greater awareness of training opportunities in the mental health field both by the students and the counsellors who can help develop student interest in this direction.

"I strongly welcome the development of mental health services in North San Mateo county," stated Mr. Morgan. "People need to find help and treatment close to home. The community need to learn to wisely use this service."

"As the term 'mental health' becomes a more familiar part of the overall health picture, I feel community mental health programs will become truly effective, and we will see the growth of such services in every community."

Mr. Morgan has long been actively involved in matters concerning community mental health. He has served on the Mental Health Advisory Board of San Mateo county and was one of the men responsible for helping the county schools develop their own programs with school psychologists.

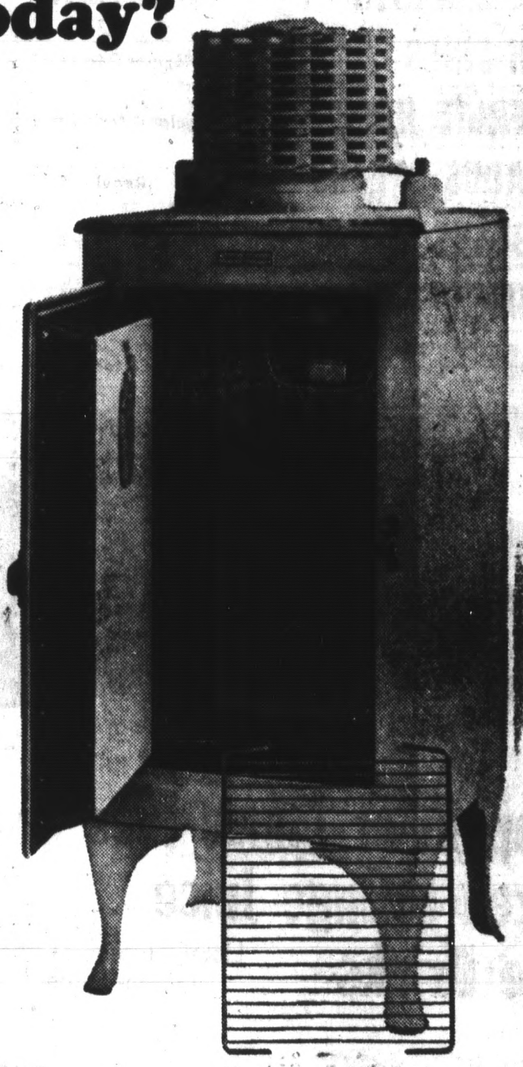
What did refrigerators have in 1933 that they don't have today?


Answer: They had higher-priced gas and electricity ... because PG&E prices are 8% lower today* than thirty years ago. And here's an important reason: the more gas and electricity people use, the more efficiently and economically we've been able to provide it. [So how come your bill is bigger than it used to be? Just because you're using more and better appliances these days.]

Rams rack Indians 35-6, SSF victorious over Sharks

The experienced and hardworking Westmoor Ram powerhouse overran an admittedly inexperienced Jefferson Indian football team Friday and clobbered them 35-6.

The game was televised Saturday morning over Channel 7 as the "High School Game of the Week."

The win—Westmoor's seventh in eight contests and their third NPL victory—was a prelude to what may be the deciding league game upcoming this week.

Westmoor plays South San Francisco this Friday night on the Warriors' field.

The SSF Warriors — like Westmoor—have three league wins and no losses on their scoreboard.

Westmoor will go into the game with an edge—108 total points scored on opponents compared with South City's 54.

Expectations

Last Friday's game opened with some observations from the opposing coaches.

Joe McGrath of Jefferson said, "We have an inexperienced team, but we have improved with every game.

Pete Matisi of the Westmoor squad said, "We've done a fine job. The team lived up to its expectations at the start of the season."

And, they did, Friday.

The Indians' principal improvement appeared to be in the passing department.

Jefferson attempted 25 passes and had 11 completed for a total of 128 yards.

Westmoor attempted 13 and hit five times for 89 yards.

Jefferson's Rich Cuadra took to the air 16 times, found his man six times and gained 99 yards during the game.

Indian Don Fisicaro attempted nine passes, hit his mark five times and advanced the ball 29 yards for the day.

Cuadra and Fisicaro looked for and found Paul Howe four times, Ed Larios three, Jessie Bulatao twice and Leo Gotelli once.

Ramsmen Hix and Elston—both working the quarterback spot—tried nine and four aerials respectively.

Hix completed four and Elston one.

Two of the Hix throws added points to the Rams' side of the scoreboard—a hurl to end Larry Fanucchi and another to end Jim McHale.

Where Jefferson shone in the air Westmoor sparkled on the ground — offensively and defensively.

The Rams hopelessly outclassed the Indians to gain 283 yards over the green against Jefferson's mere 85.

A heavy Westmoor line, including Van Tassle at guard, Hanson and Hartman at tackle and Fanucchi and Mallinger at end, plus hard, fast-running backs like Mahoney, Arurra and McHale with Milton and Westre at center and the brilliant ballplaying of Hix and his quarterback counterpart Elston gave the Rams the advantage and broke the Indians' backs.

In addition, the Indians' fumbling cost them two touchdowns and almost caused them to give away a third.

Relentless Rams

The Rams opened up the scoreboard midway in the first period and did'nt stop.

Their first tally came from a Hix overhead to Fanucchi waiting on the eight-yard line.

Their last tally came from a Hix missile to McHale waiting on paydirt.

The Indian giveaway program began right after the Fanucchi scorer.

Leo Gotelli dropped the kickoff.

Van Tassle recovered for the Rams.

One play later, a speedy Ron Baker was over the goal line from a 29 yard play.

Westmoor ended the quarter comfortably in the lead at 14-0.

Hix Again

Hix, fast, flashy and tricky on his own field, set up at least four scoring plays.

He set up Ron Baker for the third count in the second period with a 14 yard run to the Jefferson one yard mark.

Baker went in on a handoff from Hix for the score.

Fumbles

Nervousness was apparent in the Jefferson camp.

With the half coming to a close and the score against them, Jeff did it again.

The Indians dropped the ball for the second time.

Ram Mike Morrison gathered in the unattached ball and loped 45 yards to cross the Indians' flag . . . it was no good.

An off-side penalty negated the run.

And More Fumbles

The Indians dropped the ball again.

In the opening minutes of the second half they let the ball go on their own 12.

The Rams recovered.

Fullback Dave Mahoney ran it over one play later.

Mahoney ran the PAT.

The final tally came from the combination of Hix and McHale.

Hix ran the PAT for the fifth successful point after touchdown.

There Was Hope

The Indians, outclassed and overrun, nonetheless played with spirit . . . nobody gave up.

The Redskins challenged briefly in the second quarter and threatened in the third.

But, odds against them, the challenge and the threat weren't sustained.

Indian end Paul Howe took and held on to a slapped-away Don Fisicaro pass during the hard-played second period.

The Indians had pushed the Rams to the Westmoor two-yard marker.

The play was good.

Steve Namanny ran the counter for Jeff.

The PAT was stopped by Baker.

Jeff tried again late in the third segment on another Fisicaro pass into the Ram end zone.

Ram Marc Mallinger took the ball out of the air.

He made it to the Ram 20.

And that was that.

Colma footballers special program

On Thursday the boys who participated in the Colma Recreation Department Touch Football League got together for a special afternoon of entertainment. Highlight of the afternoon were films of the San Francisco 49ers, 1962 ball season.

Following the films, each boy was given a ballot to vote for the most outstanding player in the league. The winner of this honor will be announced at a student body assembly where this boy will receive a plaque.

On Friday an All-Star team from the other teams in the league took revenge on the Vikings and defeated them 21-4.

DOWN AGAIN — Hard playing Jefferson Indian Al Namanny raps Westmoor's Mahoney on a kickoff runback on the Rams' field Friday. Jefferson lost 6-35.

This is football

(Editor's note: This is the last in a series on the history of football.)

Modern American football, with its organized strategy, keen competition, color, spectator interest and its position as leader of the fall sporting calendar, has a nearly century old history.

Many changes have come to the game; many events have taken place.

Here are some of those highlights. . . .

In 1901, Fielding H. (Hurry-up) Yost, football coach at the University of Michigan produced a famous team built around a freshman, Willie Heston, which scored nearly a point for each minute of play. It amassed 550 points in 11 games and kept its opponents scoreless.

In 1873, the University of Michigan challenged Cornell and arrangements were made to play at Cleveland, 30 men on a side. The proposed game never took place because Andrew Dickson White, then president of Cornell, ruled: "I will not permit 30 men to travel 400 miles to agitate a bag of wind."

In 1880, Walter Camp, the "father of American football," persuaded the rule makers to reduce the number of players on a team from 15 to 11 and to replace "scrum" with scrimmage, whereby the ball was put into play either by kicking it or snapping it back. The position of quarterback was also created in 1880.

In 1882 Camp introduced a rule calling for surrender of the ball to the opponents if the ball had not been advanced at least five yards in three plays, This was the origin of the 10 yards-four downs rule.

In 1896, A. A. Stagg helped organize the Western Conference or Big Ten which pioneered in setting up and enforcing eligibility rules and amateur standards.

In 1906 the rule makers revolutionized the game by barring all mass plays and introducing the forward pass which led to a more open style of play.

More spectacular than either Stagg or Yost was Glenn S. "Pop" Warner who took over the football team at the Carlisle Indian School in 1899 and subsequently introduced the unbalanced line with single and double wing backs to create what was called the "Warner system" of play.

Professional football started at Latrobe, Pa., in 1895, the National Football League was formed in 1921 and in 1960 the American Football League began play with teams in eight major cities.

Recreation coaches hold annual meet

On Friday, November 1, the coaches and managers of the Daly City Recreation Department's Athletic Leagues held their annual get together at the House of Parties on Hillcrest st.

Mr. Paul Rundell, Varsity Basketball Coach of San Francisco State College spoke on Considerations that should be made when coaching young players and passed out much valuable information on coaching in general. This talk was followed by a question and answer period where he clarified many points in technicalities of basketball for our local coaches.

CSM must win this Saturday

Trying to avoid their first losing season in six years, the College of San Mateo Bulldogs face a must win situation Saturday night at young, but surprising, Chabot college of San Leandro. The 8 o'clock game will be played on the Castro Valley high school turf in Castro Valley.

Injury riddled CSM dropped its third straight game last Friday as Northern rival City College of San Francisco posted a sluggish 14-8 victory in the Rams' new stadium.

The Bulldogs have gotten in the habit of giving games away, starting with a 14-8 loss to undefeated Contra Costa then rolling up a 14-0 lead against second place Foothill before falling apart, 36-14.

A fumbled ball in the end zone provided the margin of victory last week as CCSF grabbed the traditional Tom-Tom trophy away from San Mateo for the first time since 1957. "We played our worst game of the year against San Francisco," stated CSM mentor Cliff Giffin.

Roofing Cats in first place

Bob Abbott's BYA Roofing Cats of the 7th and 8th grade touch football leagues took the undisputed hold on first place in the Seventh Grade Touch Football League by knocking out the PAL Braves 13-0.

The PAL Vikings rambled over the Holy Angels Titans 20-0.

Holy Angels Giants moved by the OLPH Steamrollers in the Eighth Grade Football League to a score of 6-0. A touchdown from Ralph Fonseca to halfback Don Belluomini gave the Giants the last second win over the Steamrollers.

Soccer league play ends today

The Colma fifth and sixth grade soccer league sponsored by the Daly City Recreation Department is coming to an end today. The championship game will see the Colma Seals, winners of the first round of play, meet the Red Devils, winner of the second round of play.

The Seals ended the season with six wins, four losses, and two ties. Outstanding performances were displayed by captain Pat Cassidy, Dave Mihelli, John Max, Don Smith, Earl DiMaggio, G. Whitney and P. Manley.

The Red Devils sparked by timely boots by Tony Amorso, Steve Javier, Steve Merlo, Al Bertini, Billy Lee, Mark D'Olivo and Dave Daire ended the season with five wins, five losses, and two ties.

The Red Rammers who finished with five wins, four losses, and three ties were always in there giving the other teams a fight for the championship. Red Rammer stars Tino Regini, Pat O'Neil, Tony DiMaggio, Ron Van Hauter, Ron Sanchez, Bill Ahern, Gary D'Rinzi, Ken Coster and captain Ray Montalbano.

The Vikings with their three wins, five losses and four ties showed tremendous effort in every game. Led by Captain Al Baletto, the Viking booters were Brad Perrone, Stan Cunico, Smoky Morton, Earl Taylor, Mike Cardoza, Rick Salgado, Jim Gentile, Sal Moura and Tommy Martinez.

Cycling continues

Sprinkling of rain failed to dampen enthusiasm and spirit of several youngsters who participated in the bicycle activities at Westmoor High School field last Saturday at 10 a.m. Time trials for the half mile were run and some races were run off. Bicycle racing will again be held next Saturday, November 9, at 10:00 a.m. at Westmoor High School field. All interested youngsters are invited to attend.

The Jefferson-Westmoor game was played Friday and televised Saturday morning over Channel 7 as the "High School Game of the Week."

13-0 win

SSF victory over Oceana ties Rams

South San Francisco counted another win Friday by downing Oceana 13-0.

The victory puts South City hard on the heels of Westmoor for the NPL championship title.

The tilt this Friday night on the Warriors' Clifford Field between the two could well decide who is going to wear the victory crown.

A strong defense has stood off all of the Warriors' opponents by yielding only a total of 15 points in the three league battles the South City squad has encountered.

Westmoor has given up 31 points, but has scored 108 against SSF's 54.

SSF's defense held the Oceana group scoreless and permitted only 110 yards gain on the ground and 42 yards in the air.

Oceana's attempts to march against the Warriors' defense met with complete resistance even with the theat of Shark Ken Cozby's intercept of a Warrior pass early in the game on the SSF 39 yard stripe.

The Warriors took the ball back with an intercept of their own by Ron Labrum at the 13 yard line.

South City's scoring tactics worked out in the second period when Greg Jones took a Cervelli pass on his own 40 and rambled the necessary 60 for the tally.

The Warriors toted up the final seven in the last playing period when Dan Crowe—who had done his share on defense—went 33 yards for the count.

Pretari for SSF kicked the extra point.

Crowe set up his own scoring play by rurining 24 yards in a previous try.

El Camino is easy winner over Tigers

El Camino took a no contest game away from Terra Nova Friday by routing the Tigers 46-0.

The Tigers, helpless against a more experienced team, were scored on relentlessly by the overpowering Colts.

The destruction began with the second play from the kickoff scrimmage and continued with monotonous regularity.

Colt Ron Reinig ran the first score with a 60 yard trip.

Bruce Castellanos scored the second and on a two yard drive through the line in the second period.

Walt Harris added two more in the third and teammate Mike Stauffer a third before the half gun sounded.

Dave Wick ran one TD of five yards in the final minutes and Rick Romero capped the massacre with a final 33 yard romp across the Tiger goal line.

Walt Harris took the only Terra Nova drive away from them by spearing one of their air tries in the third time zone.

He, too, went 60 yards for the TD.

Cypress Hills now 18 holes

Cypress Hills Golf course opens up the back nine holes today, Wednesday.

The course features a man-made lake in front of number 11 tee which is par 5. The lake is also part of the 11th fairway on the way back, also a par 5.

The new course is a regulation 9 with a par 36—3,150 yards long. It can be played as an 18, with the old side as the first nine and new side as second nine.

The front nine is slightly more difficult than the back nine. Par for the 18 is 66. The new nine features elevated tees with separate tees for the ladies.

The number 11 hole has four separate tees, giving men and women choice of spots to drive over or around the lake.

The greens and the turfs are in excellent condition, according to Cypress Hills pro Bob Sylvestri.

DFG sees good trout fishing here

The Department of Fish and Game is readying San Francisco's South Lake Merced for an outstanding trout season in 1964.

Two weeks ago, assisted by volunteers from District Council 7 of the Associated Sportsmen of California, the DFG chemically treated the south lake and its impoundment to remove all fishlife.

The lake's 4,058 acre-feet of water was treated with 750 gallons of emulsified rotenone provided through Dingell-Johnson federal aid funds.

San Francisco's Water Department applied 2,800 pounds of copper sulphate to clear the lake of algae.

Ramrunners wrap up another

Westmoor's varsity distance men wrapped up their dual meet season Thursday by trouncing El Camino 15-50 on the Ram's home course.

This gives the Rams a perfect 5-0 record with only the league final meet left to run.

Ram men put in a sensational finish as their first four men thundered across the line at 10:11.

Senior Dennis Tracy was awarded the first position. Chris Bravos, Ed Raymond, and Milo Torres were given second, third and fourth spots.

Bob Beukers placed fifth with a 10:20 clocking to give the Rams their perfect score of 15.

Highlighting the meet season was a record breaking 9:36 ran by Dennis Tracy on the 1.95 Westmoor course.

Westmoor's Cross Country Coach George Simon feels that tomorrow's six-school all league final will be a close race, but, "If Westmoor men run all-out, they'll take it."

He sees a close varsity finish between Tracy of Westmoor, Prieto of Jefferson and Skrifvers of Oceana.

Last week's Soph-Frosh races were held together with Westmor victorious by 19-59.

This score also gave the Soph-Frosh a perfect 5-0 record.

Don Hoffman of Westmoor placed first in 10:29.

Second place went to Harkins of El Camino.

Paul Brown, Neal Blackfield, Manuel Guillen, and Jerry Palmer placed third, fourth, fifth, and sixth to give the Rams their low 19.

J. V. competition was held with the varsity race. Leading Ram J.V. men were Bob Teuscher, Tom Slavin, and Stan Nelson.

PAL Pirates undefeated

Jim Wyatt's PAL Pirates of the 5th grade touch football league hung another trophy on the wall this week. Their prize was a win over the PAL Cougars by a 12-7 margin. Mike Egan's Cougars were up for the game and put up a great fight only to be edged out in the final minutes of the game. The win keeps the Pirates in first place with a perfect record.

Sharing second place this week are the OLPH Bugs and the PAL Tigers. After dropping a game to the Tigers last week, the Bugs bounced back and put up a great battle to squeeze by the BYA Renegades in an 8-6 ballgame.

The PAL Tigers spoiled the debut of the reorganized Holy Angels Lions with a 35-0 win. This was Holy Angels first taste of action in league play under their new coach Bob Payne. Inexperience hit them but rapid improvement is expected as the boys gain game experience.

Ron Kruger's PAL Rams smashed through the BYA Blues 26-0.

David C. Joseph

David C. Joseph, 19, son of Mr. and Mrs. William Joseph of 224 Calaveras Ave., Pacifica, completed recruit training Oct. 4 at the Navel Training Center, Great Lakes, Ill.

FRONT RUNNERS — Varsity Ram runners Bravos, Tracy, Raymond and Torres cross the finish line well in the lead in the Westmoor-El Camino cross country contest on the 1.95-mile Westmoor course last Thursday. All four harriers were clocked at 10:11 although Torres was a split-second fourth. George Simon, Ram cross-country coach, expects a close contest between Tracy, Prieto of Jefferson and Skrifvers of Oceana when the all-league meeting comes off tomorrow.

It's SPARE TIME

at the Westlake Bowl
By Jim Grealish

Harley Lauer enjoyed his moment of glory last Wednesday night as he completely forgot his 137 average and rolled games of 175-231-222 for a 628 series, a new high in the Ball & Chain Mixed Fives.

Leading the ladies was Jackie Crisafi with 203 and 466 while Joe Speer shared honors with Harley shooting 213 and 601.

Eight series over the 600 marked were posted by the 920 All-Stars led by Chuck York with a big 248 game and 630 series. Other high rollers were Hal Antrim with 211-620 and Roger Noll with 213-619.

Our Junior 900 Masters team continues to roll on, winning three games from the Castle Lanes team last week. Leading the league by five games, they meet the Millbrae team next Sunday at Brentwood at 6 p.m.

Jerry Kennedy's new bowling shoes seem to have solved his problems as he led the 839 Classic League last week with a 225 game and 610 series.

Tom Keaveney and Larry Novak fought for top honors in the Westlake Knolls League with Tom taking high game honors with 236 and Larry winning the high series title on a 617.

Bobby Perry returned to the winners circle in the Tuesday morning St. Emydius League as she rolled a high game of 161 while Eloise Ruggeri took high series with 445. Split converters were busy, led by Rosalie Pacini 5-7-10, June Muegge 2-5-10, Terry Warde 4-7-10 and Marge Aleo 7-9 and the almost impossible 8-10.

Canco bowler of the week was George Ocri with 211-581.

Westlake's lady bowlers are prepping for three tournaments, the 1963 Bowlers Victory Legion which runs until Nov. 23, the Northern California Women's Team Handicap Tournament which runs until Jan. 12, 1964, and the California Women's 38th Annual State Tournament with entries closing Dec. 1.

Merv Hauglid had a few pins more than he needed last Monday night in the Blue Monday Scratch League. After shooting 198 in each of his first two games, Merv needed only one pin on the last ball of the third game to record the highest triplicate in Westlake history.

However, his ball was true and he ended with 202 for a 598 series.

The A-1 Nursery League celebrated Halloween a little early as many of the girls appeared in costume on Tuesday morning. Secretary Pat Garcia shot 182 to lead in the high game department while Flo Bertsch rolled 492 for high series.

Split converters were Dolores Sargent the 2-5-10, Lis Garrity the 3-10, Bette Leves-que the 4-6, Marion Frazier the 5-10, Mildred Rosas the 2-7 and Flo Dillon the 5-8-10.

Lady bowlers have until Nov. 23 to compete for a most worthwhile cause, those confined to our Veterans Administration Hospitals. With a new format this year, ladies may compete while bowling in any league by payment of one dollar.

The five classes cover bowlers of all averages who will compete on a scratch basis in the class of their average.

League secretaries have the entry blanks and additional information.

Emily Drago and Anne Ikler shared top honors in the Tea Timers League Tuesday afternoon as Emily rolled a 174 game and Anne a 468 series.

Split converters were Mary Simpson the 5-10, Sue McDaniels the 2-10 and Charlene Dimond the 2-10.

One pin separated the high series leaders and two pins the high game contenders in the Ladies' 810 Classic as Mercedes Johnson took top honors with 202-572 over Pat Viehweg who shot an even 200 and 571.

Jeff loses run meet to Oceana

Oceana's running varsity defeated Jefferson Thursday 26-31.

The defeat came on Oceana's cross-country course.

Jefferson's coach Norm Cady called the win "lucky."

He said it would never have happened if Ken Anderson had been there to run.

Cady had some optimistic things to say about Jefferson's chances tomorrow in the six-school all-league meet on Westmoor's course.

Cady feels that Jeff will take all in the finals and that "Carlos Prieto can beat Skrifvers of Oceana."

Cody was pleased with the performance of Jeff's frosh-soph group in last Thursday's running.

Both Skrifvers and Prieto ran the Oceana course under 10 minutes, setting a new record there.

Jeff loses to Rams frosh-soph

Jefferson lost a well fought frosh-soph game on their own reservation Thursday.

The Indians lost to Westmoor 25-13.

A win last week would have put in a tie position for the league championship.

Jeff came out of the first half ahead 7-6.

A fumble inside the Westmoor five-yard line before the gun sounded cost a TD.

Both Jeff and the Rams scored in the third period to end in a 13-13 tie.

Two fourth-quarter Jefferson drives came to disaster on downs and an interception.

Westmoor scored twice in the final segment to wrap it up at 25-13.

"The team played well," says Jeff coach Boyd, "But we got worn down in the last period.

"Lack of manpower cost us," says the coach.

The Rams have reserves of 71 men to pick from while Jefferson has 31.

(Editor's note: Ken Sweet of Jefferson assisted in the preparation of this account.)

The interest rate or rates stated in the bid must be in multiples of 1/8 or 1/20 of one per cent per annum, payable as aforesaid.

MATURITIES: Said bonds mature serially in consecutive numerical order from lower to higher (without option of prior redemption) as follows:

SECURITY: The bonds are general obligations of said District, and said Board of Supervisors has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said District, subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; unless such time of award is waived by the successful bidder.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared which it is estimated will be within 30 days from the day of sale, but not prior to the date of the bonds.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of JEFFERSON UNION HIGH School District, of SAN MATEO County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $3,000.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices.

Rain floods streets and stalls cars

A heavy downpour of rain Tuesday afternoon flooded one intersection in Daly City, stalled at least one car and was probably responsible for at least one accident.

The intersection of Beachwood Dr. and Montrose Ave. was reported to have been under more than two feet of water.

A car belonging to Mrs. Lorraine Peters of 742 Beechwood Dr. was stalled for some minutes forcing Mrs. Peters, her son Michael, 15, and passengers to wade in nearly waist high water to the curb.
